

VORTICE® VARIO RANGE

Wall/window axial fans

Supply to improve the quality of air we breathe daily in any domestic or commercial environment: dwellings, shops & cafes, sports centers/gyms, restaurants, public houses, offices, schools, community halls and many more...

- **10 models:** from 150 to 230 diameters, long life, Pull Cord and automatic reversible.
- Body made of shock-resistant ABS plastic anti-UV.
- Structural components in UV resistant ABS, internal components from shock resistant PS.
- Vario fans are carefully designed to provide a low environmental impact, using recyclable materials and following the new "Design for Disassembly" technique to provide easy and environmentally friendly disposal of components.
- Highly efficient impellers.
- Extremely low noise emission.
- Model for installation on glass/panel/wall.
- Ceiling installation and wall installation.
- Protection rating: IPX4.
- Insulation class: II. □

Design: F. Trabucco & Associates

EASY AND QUICK TO INSTALL

The whole range is manufactured to match high technology specifications and provide ease of installation. Based on this practical approach all installation procedures are significantly simplified to reduce time and save money during set-up and installation.

HIGH FLEXIBILITY

Vortice Vario fans are designed to provide high flexibility and a wide choice of applications in order to satisfy even the most demanding requirements.
