Dear Mr. Hussam Abuzaid:

This letter addresses the validity of Test Certificates covering Intertek Reports 515222, 515508, 546626, 546627, 546628, 3133903CRT-001 thru 003 and 3136269CRT-001 thru 003. It is Intertek's belief that if there have been no changes to the products as to construction dimensions, details and material, the reports should still provide an accurate representation of the tests performed and resulting data of currently produced products.

If there are any questions regarding the results or any of the other services offered by Intertek, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "James R. Kline".
